RECENT PROJECT

LaundryDash: A Web Based Platform For Laundry Pickup and Delivery Services

JACK VINCENT S. MOROSCALLO

FULL-STACK DEVELOPER

OBJECTIVE

Seeking an internship opportunity to apply my proficiency in C#, EF Core, ASP.NET, and Bootstrap, coupled with a solid foundation in back-end development and web application design. Additionally, with a basic understanding of ReactJS, I aim to contribute to front-end development by creating intuitive and engaging user interfaces. My goal is to gain practical industry experience while effectively supporting the company's projects and delivering impactful solutions.

TECHNICAL SKILLS
